

Cultural Gifts Program—Approved Valuers

Last updated March 2022

The Cultural Gifts Program offers tax incentives to encourage people to donate cultural items to public art galleries, museums, libraries and archives in Australia. Donations made under the Cultural Gifts Program must have their GST inclusive market value determined by CGP approved valuers.

The GST inclusive market value of donations made under the Cultural Gifts Program is determined by averaging two or more valuations undertaken by valuers who are approved by the department to value specific classes of property. These classes are listed alongside their contact details in this document.

Approved valuers must undertake a valuation of the item within 90 days of the date of donation, or value it as at the date of donation to ensure the valuation reflects the correct market value. Valuers are required to inspect the works where possible, and are listed by location for this reason.

Approved Valuers – Australian Capital Territory	2
Approved Valuers – New South Wales	4
Approved Valuers – Northern Territory	20
Approved Valuers – Queensland	21
Approved Valuers – South Australia	25
Approved Valuers – Tasmania	28
